to register

*A professional with a person centered approach is one who wears lenses to see the "whole person." Keith Jones is a speaker who awakens the attitude in professionals to see beyond need of service and recognize the potential of a person. Mr. Jones is an advocate for inclusion and empowerment. He is also extremely active in multi-cultural and cross-disability education. Topics addressed will include perceptions of disability and how they relate to education and employment.*

  
**Sponsored by:**

The Academic Lecture Committee, The School of Education Alice Foley Speaker Series, School of Health & Human Services, The Interprofessional Education Steering Committee, The Department of Inclusive Childhood Education, and The Office of Multicultural Affairs
